EDUCATION

UNIVERSITY OF MICHIGAN — **Ann Arbor, MI**
School of Information & Ross School Of Business
Bachelor of Science in Information Analysis, Cum Laude | May 2026
Minor in Business Administration
James B. Angell Scholar Honors Student
- GPA: 3.91/4.00
- Member: Michigan Real Estate Club, Michigan Youth Sports Initiative, Best Buddies, Pi Sigma Epsilon Professional Business Fraternity

EXPERIENCE

QUANTIERRA — **New York, NY**
Aug. 2026 – Present
Business Analyst
- Analyzed NYC commercial real estate data across ownership, listings, transaction history, and brokerage activity, identifying market trends and relationships across properties to improve the overall accuracy and depth of the platform's deal-flow intelligence.
- Designed technical specifications, data models, and prototype applications for core platform features, including valuation tools, property ownership histories, listing lifecycles, and broker contact databases, collaborating with the founder and engineering team to enhance product functionality and uncover off-market deal sourcing opportunities.

BROOKFIELD PROPERTIES — **New York, NY**
2025
Summer Analyst
- Developed and presented a strategic proposal for alternative revenue generation, analyzing how a $24M investment in amenity-driven infrastructure could boost asset value, grow NOI, and position a Class A office tower as a leader in a competitive downtown market.
- Performed Net Effective Rent analysis and DCF modeling to support leasing approvals, inform tenant negotiations, and guide asset-level decisions, contributing to value preservation and strategic oversight of Brookfield's North American office portfolio.
- Analyzed lease structures, lender approval requirements, and percentage rent provisions, supporting lease execution while ensuring terms were financially sound and aligned with asset performance goals, compliance standards, and lender expectations.

HOUSESWIPE LLC — **Ann Arbor, MI**
2024-2026
Co-Founder & CEO
- Developed an application to streamline the sublease rental process, reducing friction in tenant-sublessor interactions by minimizing negotiation and connection times, revolutionizing property discovery, leasing, and management with a user-friendly interface.
- Led the creation of a go-to-market strategy for the platform, performing in-depth market research and competitive analysis within the real estate sector, resulting in targeted marketing initiatives that maximized brand exposure and drove higher tenant engagement.

SELLSIDE GROUP — **Dallas, TX**
2024
Business Development Consultant
- Provided comprehensive market research, due diligence, valuations, and development of marketable materials to buy-side and sell-side clients, helping them maximize their value.
- Conducted in-depth analysis of financial statements, including revenue forecasts, profit margins, and future cash flow projections, to assess company performance and calculate EBITDA multiples, leveraging these insights to deliver precise valuation models, assisting clients in determining strategic exit opportunities or possible acquisition potential

ADDITIONAL

- Licensed Real Estate Salesperson, New York State (2026)
- Co-created tranchere.com, an interactive real estate finance learning platform
- Proficient in Microsoft Office, SQL, HTML/CSS, RStudio, Python
- Love being outdoors and hiking with my four dogs (Bodie, Loah, Chapo, and Mollie)
